

Royal TXD

Cynodon dactylon

BENEFITS

- Excellent turf quality and high density
- Fast germination for rapid cover
- Drought tolerant
- High winter hardiness

ROYAL TXD

BURMUDAGRASS BLEND

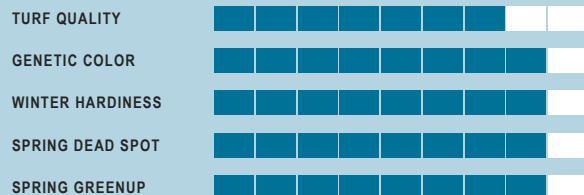

Royal TXD bermudagrass blend with X-Treme Density is a blend of superior bermudagrass cultivars selected for fast germination and establishment combined with the highest turf quality. This high performance blend combines Yukon, a bermudagrass with high turf quality and cold tolerance, with Royal Bengal selected for superior turf quality, fast establishment, and good divot recovery. The cultivars selected for this blend are adapted for superior performance under a broad range of environmental conditions. Royal TXD can be used for golf course tees, fairways, and roughs, sports fields, home lawns, parks, and commercial sites around the world.

PLANTING & MAINTENANCE

SEEDING RATE2-3 LBS PER 1000FT²
