

Technical Data

BENEFITS

- Rich Dark Green Color
- Fine Leaf Texture
- Excellent Environmental Tolerance
- Resistance to Brown Patch and Gray Leaf Spot

TEAM

TALL FESCUE BLEND

Team turf-type tall fescue blend is a turf-type tall fescue blend that contains some of the most widely tested and nationally recognized varieties available. For maximum genetic diversity and adaptation, each of Teams' components are carefully screened and selected for their unique strengths that they bring to the blend. Team Tall Fescue Blend cultivars are chosen for their abilities such as turf density, dark green color, disease resistance and great persistence that bring overall turf quality to the blend.

PLANTING & MAINTENANCE

SEEDING RATE6-10 LBS PER 1000FT²
 GERMINATION7-14 DAYS
 MOWING FREQUENCY.....1 TIME PER WEEK
 NITROGEN REQUIRED.....LOW
 ENDOPHYTE ENHANCED.....YES
